A NEW AND POPULAR MODEL. Ladies' Two Piece Circular Skirt in Raised or Normal Waistline.

Checked brown and white suiting was used in this instance. The style shows new skirt lines and is most comfortable and attractive. It is good for broadcloth, cheviot, serge, voile, populin, gabardine and crepe, and also desirable for linen and other wash fabries. The closing is under the tuck lap in front. The skirt may be made in raised or normal waistline. The pattern is cut in six sizes: 22, 24, 26, 28, 39 and 22 inches, waist measure. It requires 2.2-4 yards of 48-inch material for a 24-inch size, which measures about 2 yards at the foot.

A pattern of this illustration malled to any address on receipt of 10 cents in silver or stamps.

BOSTON TEAMS STILL GAINING

Red Sox Get Seventh Straight by Defeating Philadelphia-Braves Take Two from Brooklyn and are Only Four Games Behind Phillies-Still Think They Have Good Chance of Capturing 1915 Flag

New York, Sept. 3.—Both Boston teams helped their standings as the result of today's games. The Red Sox won their seventh straight game by defeating Philadelphia for the third successive time, and thereby strengthened their hold on first place in the American league, while Detroit, after winning five straight, dropped a game to St. Louis. The Tigers are now two and a half games behind the Red Sox. The Braves, by taking today's game from Brooklyn at Boston, while Philadelphia was losing to the Giants at the Polo grounds, gained a full game the Pole grounds, gained a full game on both of their rivals for pennant honors in the National league. The Braves are now only four games behind the Phillies and a single game separates them from the Brooklyns. With Budolph's apparent return to form and Rudolph's apparent return to form and with nearly 30 more games to be play-ed, the Braves still think they have a good chance to beat out both of their competitors and capture the flar their competitors and capture the flag again this year. The Superbas end their series at Boston tomorrow and return home to meet the Phillies Mon-day, while the Braves are playing the Giants in New York.

NEW YORKER LOST TO JOHNSON Karl H. Behr Defeated by San Fancisco Player at National Tennis Tourney.

Forest Hills, N. Y. Sept. 3. — With one exception, the leading players in the 35th annual tournament of the Nathe 35th annual tournament of the National Tennis association came through the fourth round of championship play on the courts of the West Side here today according to form. The exception was the defeat of Karl H. Behr of New York by William M. Johnston of San Francisco, 3-6, 6-3, 6-2, 7-5. In accomplishing this upset, Johnston, who was ranked sixth in Johnston, who was ranked sixth in the official list of 1914, displayed the best tennis of the tournament to date against his opponent, who holds a place three points higher in the same ranking. Johnston had to life his game to a supreme point, for Behr, who, many averaged the colored giant, unless as Manager to the mat for Moosup against Redding, the colored giant, unless as Manager averaged to be proposed to be supremented by the locals is sure to be applicable to be proposed to b experts figured, had an excellent chance to reach the semi-final round, at least, did not go down to defeat

without using every court artifice at his command in an endeavor to hold his opponent in check. Johnston followed his more famous teammate, Maurice E. McLoughlin, on the courts this afternoon after the lat-

most of the time, and the contest was to a great extent a question of endurance and generalship. In these respects Johnston excelled. While both fought desperately for a commanding place at the net, the Californian was more successful in gaining the coveted stand and once there, was able to control his shots better than his opponent. He was deadly with his smashes, chop strokes and ability to cover the entire length of the netting. When driven back by Behr, he made wonderful gets and returns that paralwonderful gets and returns that paral-leled the side lines or forced the New York player frequently to drive into the net his soft shots to the fore court. He had a further advantage in that he played stoically when the points went against him, whereas Behr, always temperamental, became flustered and showed the strain that came from his errors of judgment in play.

Four Home Games at Moosup, Manager Amidon has arranged a real collday bill for the week-end and Labor day for the lovers of the na-tional game. Webster will meet the Moosup bunch at the carpet grounds Saturday afternoon, when Frank Mason will be pitted against Sullivan, "the anniversary king." The teams will be fast, and a real old-fashloned upheaval by the locals is sure to be

the colored giant, unless as Manager Cassant states, he succeeds in getting someone who can go just a little bit faster. It is known that immediately following the first game of the series Manager Cassant had strings out for Rube Marquard, recently released from New York. Safe to say the game will be one of real interest throughout. Labor day vacationists will be treat-

FINANCIAL AND COMMERCIAL

MARKET WAS DULL. Due to Erratic Fluctuations in Foreign

Exchange. New York, Sept. 8.—The first hair of todays market session was a record of diminishing activity and lower prices, except for irregular advances in such specialities as Crucible Steel, Westinghouse American Can and some less prominent war shares. This unsettlement was mainly attributed to the highly erratic fluctuations of foreign exchange here and abroad, rates on London making another sensational recovery from recent abnormal low levels, but reacting later.

In the afternoon a sudden inquiry

for the railway shares sent those issues one to three points, greatest gains being made by the coalers. This movement was associated with the respite of two months in the enforcement of the reduced anthracite rates recently ordered by the interstate commerce commission. Only a part of this ad-vance was retained at the end, profit-taking reducing some of the largest gains to fractions. The total business

of 495,000 shares was the smallest of any recent day.

Gossip was busy with the interna tional credit situation and it was generally recognized that corrective meas

ures were under way. It was rumored that negotiations for a British loan of about \$600,000,000 were in process of consummation, but the bankers likely to promote such a huge undertaking vouchsafed no infor-mation. It was intimated, however, that the American securities recently received here from England by way of Halifax, and which are likely to be added to from the same sources, are to be used as the nucleus of a loan. To-'day''s high rate for demand sterling was 4.72 and the low 4.64, closing at 4.67. Continental rates moved in sym-

Foreign selling played no important part in today's operations and rise in exchange causing a withdrawal of offerings from across the water. Never theless, Americans were lower by one to two points in London. The Bank of England released about \$8,000,000 more foreign coin, presumably for shipment to this country.

Forecasts point to another large cash gain by local banks tomorrow, with an expected expansion of the re-serves of the largest total yet reported. Rates for time money remain unchanged despite the light demand. Bonds were irregular, with reduced "future" sales. Total sales, par value, aggregated \$2,430,000 United States bonds were unchanged
